Cancellation Policies and Fees

Spirit Airlines' **cancellation policy** will depend on the type of ticket you purchased. Here are the key things to know:

- **24-Hour Cancellation Window:** If you book your flight directly with Spirit Airlines, you have **24 hours** to cancel your flight without incurring any fees, as long as you booked your flight **7 days** or more before departure. This gives you the flexibility to change your mind soon after booking.

- **Non-Refundable Tickets:** For **non-refundable tickets**, cancellations after the 24-hour window may incur fees. Spirit Airlines will generally offer **travel credits** for future flights, but these credits may have expiration dates, so it's important to use them before they expire.
- **Refundable Tickets:** If you've booked a **refundable ticket**, you may be eligible for a full refund if you cancel before departure. However, make sure to review the **terms and conditions** of your specific booking.

4. Social Media Support 📱

Spirit Airlines is active on **social media platforms** like **Twitter** and **Facebook**. You can reach out to their customer support team by sending a direct message or posting a question on their official accounts. While this may not be the fastest method for urgent cancellations, it's a useful option for getting assistance with basic inquiries or general cancellation questions.

Important Things to Keep in Mind 🧠

- **Cancellation Fees:** Be sure to review Spirit Airlines' **cancellation fees**, especially for non-refundable tickets. Depending on the fare, you may be able to apply the value of your flight as **travel credit** for future trips.
- **Timeliness:** Always aim to cancel your flight as early as possible. Cancellations made closer to the departure time may incur higher fees and fewer options for refunds or credits.
- **Alternative Solutions:** If you're unable to cancel for a full refund, consider **rebooking** your flight for a later date. Spirit Airlines often offers flexible rebooking options, especially if you've purchased **Flight Flex** or other add-ons.
